

Cameron Balloons
is making this
subsidised offer to
help private pilots,
student pilots,
new syndicates...

Don Cameron

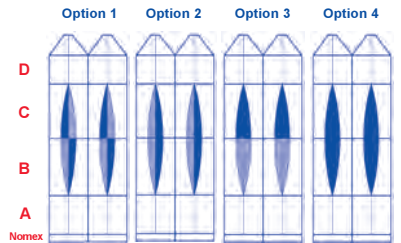

You choose the colour scheme*

*Choose from any of our standard 21 colours (Metallic at extra cost)

Parachute must be one single colour

The only special 'terms and conditions' are that you must be a little accommodating on delivery time (although we will not keep you waiting too long) and that the 'Lens' panel colours must be in even numbers to allow economic fabric use.

'Lens' panel options:

Concept-70 Envelope

100% Cameron RipStop Nylon,
choice of 21 standard colours,
standard parachute deflation,
full height nomex,
full Nomex scoop &
4 x 2.5t karabiners.

Single Shadow

THAT THINKS IT'S A DOUBLE!

Stainless steel fixed frame,
Cameron-designed stainless steel
'Rego' couplings, twin liquid feed,
twin pilot lights, twin main burner,
twin whisper, twin fuel gauges &
stainless steel hose end tails.

Concept 60/70 basket

Cushion floor, 4 x Nylon poles
& covers, your colour choice of suede
trim, 4 x Quicklock cylinder straps,
Open weave both ends of basket.
Size - 84cm x 101cm*

Other 'Goodies'

Full pilot BBAC membership for 1yr
Red Cameron crew jacket
Standard Cameron flight bag

We'll add the
Bottom End

& ALL THIS!

£12,800

Ex. VAT
Ex. works
Ex. registration fees
Ex. certification fees

*Size is approx. wall centre to wall centre.
Allowance must be made for external wall
thickness and rope handles.

A future that encourages fun and enthusiasm for ballooning.

She looks beautiful, flies great, uses half the fuel of our old tired envelope, the construction and attention to detail was superb.....top job by all involved!

Details behind the Concept-70 Package

- For panels A, B, C & D, choose from any of our standard 21 colours (Metallics at extra cost)
- The only special 'terms and conditions' are that you must be a little accomodating on delivery time (although we will not keep you waiting too long) and that the 'Lens' panel colours must be in even numbers to allow economic fabric use.
- Choose your colours to suit one of the 4 'Lens' panel options shown here >>>
- Parachute must be one single colour
- Fabric to be 100% Cameron RipStop Nylon
- A number of lightweight Nylon fabric colours are available at extra cost
- Enhanced standard parachute system for lighter operation included
- Delivery time is flexible up to a maximum of 6 months
- Artwork - price on application

Cameron Standard RipStop Nylon Colour Range

Some FAQ's:

Q: Can I have artwork?

A: Yes, by quotation in the normal way.

Q: Can I have a discount?

A: No further discount is possible.

Q: Can I have additional components?

A: Absolutely, they are charged at current list price.

Q: I really wanted a Concept 90; can I have the same deal on that?

A: Sorry we cannot do that. This is a very special subsidised offer & we cannot extend it throughout the range.

Q: Can I have just the envelope?

A: Not as part of this package offer, but, of course, it is available in the normal way.
